Assessment May Yet Be Received From State in Time for Court Term.

Members of the county court are o get the last assessments made by he county assessor and the one made the state reconciled and certified Nashville and get the totals back time to fix the tax rate for the

year.

County taxes are due and payable on October 1 of this year, and the day rate should be fixed before the date of payment. The books containing the assessment, however, are now lying in the office of the county court clerk, and the last term of the court for the year will open Monday. The next term will not be held until the first Monday in January. be d it now seems a matter of impos-bellity to got the assessment certi-fied in time for the present term. The court meets three Mendays in each term, and it may be possible, if the returns are certified before the ast meeting day, that the meeting can be continued until the rate is liked, or a special meeting called to lik the rate. Taxes become delinuent on March 1, two months after be leaven.

The the rate. Taxes become delinquent on March 1, two months after the January term.

The assessment this year probably will be \$255,000,000, about three times the amount of the 1918 taxes. The present rate is \$1.711-2 on the hundred follars, and if the rate is reduced on basis of the old assessment it should be 59 cents. However, the revenues received by the county will have to be increased, due to the increase in teachers' pay, and that would force the court to increase the rate more than one-third of the former rate. A majority of the squires believe the rate will not exceed 70 cents.

#### Work Under Way On Live Stock Yards At Packing Plant

With the new plant of the Mem-ohia Packing corporation rapidly learing completion, work is now inder way on the new live stock ards, big feed barn and exchange

about baif of which will be under roof. The company's site extends to the river, where there is ample about half of which will be under roof. The company's site extends to the river, where there is ample frontage for a splendid system of docks for the receipt of live stock by steamboats, and also for shiping out the manufactured products to all river points. The advantages of river transportation were taken into constitution, which Japan regards as of great importance because it affects the rights of her people residing in a friendly country.

Newspapers have reported that Japan would seek to revive the racial sideration when the location of the plant was selected and plans fof the

## Mississippi Fair Gets "Daredevil"

"Dasedevil" Wright, whose thrilling tunts in midair startled thousands of gisitors at the Tri-State fair Sate Triagy, Sunday and Monday, will fly at the Mississippi state fair, Jackson, Miss., on October 18 and 19, Wright's business manager. "Curiey" Burns, received a telegram Wednesday from Mable Stire, secretary of the Mississippi fair, stating that she would arbive in Memphis Wednesday night for the purpose of closing a contract for Wright's services.

Wright's services.

Wright's services.

Wright was the first flyer to stand on the top wing of a plane while it looped the loop. He performed this startling stunt six times during the Memphis fair engagement. He received two broken ries in a parachite drop here last Sainteles. here last Saturday.
